

Anthologies seldom make history, but Dangerous Visions is a grand exception. Harlan Ellisons 1967 collection of science fiction stories set an almost impossibly high standard, as more than a half dozen of its stories won major awards - not surprising with a contributor list that reads like a whos who of 20th-century SF: Samuel R. Delany, Philip K. Dick, Brian Aldiss, Roger Zelazny, Philip Jose Farmer, Fritz Leiber, Larry Niven and Robert Silverberg. Unavailable for 15 years, this huge anthology now returns to print, as relevant now as when it was first published.
