

England, England

Booker Prize Finalist Wickedly funny. --The New York Times Imagine an England where all the pubs are quaint, where the Windsors behave themselves (mostly), where the cliffs of Dover are actually white, and where Robin Hood and his merry men really are merry. This is precisely what visionary tycoon, Sir Jack Pitman, seeks to accomplish on the Isle of Wight, a destination where tourists can find replicas of Big Ben (half size), Princess Disgrave, and even Harrods (conveniently located inside the tower of London). Martha Cochrane, hired as one of Sir Jack's resident no-people, ably assists him in realizing his dream. But when this land of make-believe gradually gets horribly and hilariously out of hand, Martha develops her own vision of the perfect England. Julian Barnes delights us with a novel that is at once a philosophical inquiry, a burst of mischief, and a moving elegy about authenticity and nationality.

Unless you are living under a rock, you likely woke up today to plenty of news and commentary on the decision of U.K. voters to Brexit. England, England has 4399 ratings and 299 reviews.
