

The Last Single Mom: A heartfelt and true story about the complexity of single motherhood and what you can do to conquer it (Volume 1)

No child wants to grow up with only one parent. And under normal circumstances, an adult wants to share parenting with their partner, to better support and educate their child and enjoy family life. Making the right choices for ourselves will have a great impact on our health, happiness and overall life experience. Improving low self-esteem can support us in many situations in life, and in particular the one of wisely choosing our partner to create a family. Bringing up a child in today's society is a challenge, as we were faced with twisted values and the normalization of unhealthy role models when it comes to fashion and beauty standards, the music industry, toys and electronic gadgets for children. Single parent statistics are very high and in many countries as many as half of all marriages end in divorce after a few years. The struggle, heartache and complexity of single parenthood is well worth a global effort. By buying the book, you contribute to The Last Single Mom Fund - supporting single mothers!
