Edited by Brian Lumley and multiple Bram Stoker Award-winner Stanley Wiater, *The Brian Lumley Companion* is an indispensable guide to the life and works of Brian Lumley. In *The Brian Lumley Companion*, Lumley aficionados will find an overview of the authors career; essays comparing Lumley and H.P. Lovecraft; a lengthy interview with Brian Lumley which delves into the heart of his relationships with the writers and editors who inspired him and the fans who support him; and analyses of Lumleys short fiction and novels. An interview with Bob Eggleton gives insight into the development of his striking covers for the Necroscope series and other Lumley works. The Companion also includes complete listings of the first publications of each of Lumleys novels, short fiction, and poetry. Major attractions are the detailed concordances that focus on individual novels and series, including the three Psychomech titles, the Dreamlands and Primal Lands series, and each volume in the Necroscope series.
