

The Weekend Fix

In this light-hearted coming-of-age tale Craig Weldon, directionless except for his love of the hills, wanders Scotland, Wales and England having fun outdoors. This delightful book is a lively account of hill-walking in all weathers and up and down every possible terrain, braving Welsh farmers, Knoydart rain, the terrors of the Cuillin, and the real ales of Yorkshire. From Sutherland in the Far North to the rolling downs of Gloucestershire, Craig and his friends search out their Weekend Fix. For hill walkers this is an easy guide to the hills, informative and amusing. If you've never been on a hill in your life this book will make you think again about the landscape around you, and the challenges to courage, determination and the human spirit, wherever you live.
