

# Zoo: The Graphic Novel

The latest graphic novel by renowned author James Patterson leaps off the page and goes straight for the jugular! Animals the world over are setting their sights on fresh prey - man. Only biologist Jackson Oz has recognized the patterns in an escalating chain of violent attacks by animals against mankind, and these incidents are just the prelude to something far, far more terrifying. Now Oz is in a race against nature to try to warn humanity about the coming catastrophe, but is it already too late?!
